Welcome to the 2026 SnapFresh meal catalogue!

SnapFresh has the capacity to produce up to 20 million meals each year and our production facility is fully HACCP-, Halal- and export-certified. We conduct rigorous internal and external audits to maintain the highest standards of quality and consistency.

We provide a range of logistical delivery options to accommodate customer needs and preferences, including ex-works, FIS, and FOB shipments.

Some of our most popular customer market sectors include airlines, airline lounges, retail, hospitals, aged care, institutional and government. SnapFresh also performs contract manufacturing and exports readymade meals to the Asia-Pacific region.

Our meals come in multiple formats including ready meal, bulk tray, traybake, soups, sauces and bakery items and these cater to both Western and Asian styles. By arrangement, these menus can be modified in line with customer preference and agreed minimum production and order quantities.

This meal catalogue provides a high level overview of some of our most popular high-quality frozen meal options. There are many more options* that we look forward to discussing with you in consultation with our internal Research and Development Team.

For ease of reference, the examples in this meal catalogue have been categorised into the following general meal groupings:

- 🍽️ Generic Ready Meals
- 🍽️ Special Ready Meals
- 🍽️ Export Grade Ready Meals
- 🍽️ Bulk Tray and Traybake Items
- 🍽️ Soups and Sauces
- 🍽️ Bakery Items

SnapFresh produces many more individual and bulk SKU options in each of the e categories above. And as a one-stop-shop, we can further assist you by sourcing non-stock supplier food items and supplies from our extensive network of industry partners.

Please contact your SnapFresh Sales Team for any meal or logistics questions, including domestic and international pricing options (see our details in the footer of each page).

* Not all meal options will be available year-round. This will depend upon raw ingredient availability and factors such as prevailing market demand.
